Recreational Pilot Permit (RPP)

The Recreational Pilot Permit (RPP) program is designed for those who want to become a pilot to fly recreationally or as a hobby. Although it is the quickest and most affordable route in learning to fly, the Recreational Pilot Permit is more restricted than the Private Pilot Licence.

- Allowed to fly single engine aircraft with a maximum of four seats.
- Restricted to flying VFR with one passenger.
- May not be endorsed with any other ratings.
- Can solo at 14.
- Must be 16 to be licenced.
- Must possess a Category 4 medical certificate.
- Ground school is not required, however we recommend you take the course to ensure you will pass the written exam.
- Minimum training requirements are 25 hours of flight training.

Estimated Training Costs – Cessna 172	
16 hrs Dual @ \$234	\$3,744
9 hrs Solo @ \$169	\$1,521
5 hours ground briefing	\$ 275
Ground school classes and kit	\$ 780
Medical, Exam & Licencing Fees	\$ 535
Total excl. tax	\$6,855

Note: For Cessna 152 pricing: \$6,430 excl tax.
